<ul style="list-style-type: none"> • She was funny and always looked ready for the runway at 8 in the morning • Very knowledgeable instructor. • Sarah did a great job utilizing the time we had efficiently. She explained the lab thoroughly and would explain further if students were confused. She also provided prompt feedback on all quizzes and homework assignments. • no • I loved Sarah! She is extremely smart and was fun during class. If i did not understand something she would take the time to help me. • I liked that it was more of a hand on class and Sarah helped us if we did not understand what to do. She also made feedback easy to follow and she is a very easy person to talk to. • She was nice. • I loved her. She is an amazing TA and teacher in general.

<ul style="list-style-type: none"> • She is an amazing TA. She is respectful, intelligent, and efficient. I actually enjoyed going to Bio Lab because of her. She is helpful in the labs and provides a lot of hands on assistance and never gets mad at you even if you ask "stupid" questions. • Sarah is super nice and helpful, but she makes sure that you are doing what is correct and expect from you at all times. I had her as my late lab (6:45 pm- 9:45 pm) but it always passed by fairly quick. Sarah is super approachable and very knowledgeable. My peers and I adored Sarah, and always joked about how we didn't deserve such a great TA. • Sarah Kettelkamp was a fantastic instructor for this class. She was always very helpful and made the class interesting. She always posted very detailed PowerPoints online that were helpful in answering questions for the lab worksheets, as well as to prepare us for the lab that we would be doing. She was easy to approach for help on anything. Overall I am so glad that she was my instructor for this course. • Sarah's labs were always efficient and we didn't waste the time when the lab called for waiting for an hour. She explained everything really well and I learned a lot in her class. • Best TA at FSU • I like her teaching and was comfortable around her and was not afraid to ask any questions. • Very helpful, was always willing to help when I had questions. • Everything! She really tried to connect with all of her students and made sure that we knew the information and enjoyed what we were doing. • Sarah was a very good TA for a course that could be very boring and drawn out at times. She tried her best to make sure that we remained engaged in the course while at the same time remaining very down to Earth and grading us fairly. • Sarah is a great teacher and very helpful in class. Understands what she is teaching and is very kind

<ul style="list-style-type: none"> • shorter labs • I don't think anything needs to be improved. • She was very thorough in going over what we needed to do to succeed. • Nothing • The labs should not be as long as they are. They cause students to lose interest in what is going on. Also, the worksheets can be confusing and misleading sometimes, which makes questions hard to answer.
